

Jenny Santa Maria

TEACHING ARTIST

ART COACH

Art, Anywhere – Host a Workshop or Visit My Creative Space!

As a mobile teaching artist, I love making creativity accessible in any space—whether it’s a one-on-one lesson, a group workshop, or a fun and social “girls’ night out.” I bring all the materials; you provide the space with tables and chairs. Whether you’re looking to build artistic skills or simply enjoy a relaxed, creative evening with friends, I’ll bring an arts experience that’s engaging and enjoyable.

I also host private workshops in my beautiful chalet-style home, where you can meet the chickens, explore scenic grounds, and enjoy the peaceful backdrop of horse farms. (Note: My space is not wheelchair accessible and includes four steps at the entrance, plus two resident cats for those with allergies.)

Choose from the arts menu:

 **Pysanky: Ukrainian Egg Decorating**

 **Embroidery 101** – Stitch your own cotton tote

 **Watercolor Pencil 101**

 **Feather Drawing (A favorite among adults!)**

 **Create a Vision Board (offered in January only)**

 **How to Turn Off Your Thoughts: Art as Meditation (Zazen & Process-Based Art)**

All classes are beginner-friendly and designed for those who consider themselves “non-artists.” Let’s create something special together—customizable experiences available!
